**To whom it may concern**

Our Company, Bilfinger Berger SE, is an International, Multi-Service Group specialized in Construction Management, Building & Facility Services, Power Services, Industrial Services and Concessions.

On 07 July 2011 Company Fire Systems Ltd. was awarded a contract for execution and certification of a Sprinkler System at the FOS Novo Selo, Bulgaria Construction Site – project assigned to Bilfinger Berger SE by the US Army Corps of Engineers.

We at Bilfinger Berger SE express satisfaction from our collaboration with Fire Systems Ltd., and believe the company possesses great technical potential and experience, which makes it a preferred and solid partner for any future cooperation.

Fire Systems Ltd. provided their services with a highly professional approach, in accordance with their contractual requirements, while at the same time strictly following the internationally accepted code of practice.

This reference has been issued to serve Fire Systems Ltd. upon participation in procurement, tendering and other open procedures for provision of their respective services, and also serves as proof of the company's extensive capacity and capabilities.

Sincerely,

Martin Bumann  
Project Director  
FOS Novo Selo Training Range, Bulgaria
